Dianna,

I will continue to print out a copy of the analytical report to be included with my monthly report. If you would like to receive an electronic copy instead of a hardcopy, please let me know and I would be happy to make this change. The same goes for the EPA.

Jean,

I noticed the lab is no longer sending you a paper report. Will this change the type of report sent to EPA and ADEQ? Just wondering. ADEQ is preparing a response to the summary to be sent to EPA.

Stephen and Diana,

Please see attached analytical results for the 6/11/12 sampling at the Arkwood site: 7.13 ppb PCP at the mouth and <5.00 ppb PCP at the weir.

Jean,

Here is your monthly analytical report. The site appears to be humming along. Have you had any response to the summary report?

Best Regards,

Jim
